

Project Update

New Rail Alternative in Downtown Raleigh

The public is invited to attend a Project Update Meeting to learn about a new rail alternative in downtown Raleigh, developed for the Southeast High Speed Rail project (SEHSR).

**Project Update
Meeting
Tuesday,
September 27th
4:00 pm to 7:00 pm**

Raleigh Convention
Center
500 S. Salisbury Street
Raleigh, NC 27601

In the summer of 2010, the North Carolina Department of Transportation Rail Division (NCDOT) and the Virginia Department of Rail and Public Transportation (DRPT) held a series of Public Hearings on a Draft Tier II Environmental Impact Statement (DEIS) for the Richmond, VA, to Raleigh, NC, portion of the SEHSR corridor. The SEHSR project proposes to implement approximately 162 miles of high speed rail as part of an overall plan to extend high speed passenger rail service from the Northeast Corridor (Boston, MA, to Washington, DC) southward through Virginia to Charlotte, NC.

In response to comments on the DEIS, a new rail alternative has been developed for downtown Raleigh (between Whitaker Mill Road and the Boylan Wye).

NCDOT ensures nondiscrimination in all programs, services and activities in accordance with Title VI of the Civil Rights Act of 1964. Call 1-877-749-7245 or TDD 711 at least 48 hours in advance of the meeting date for special assistance or information.

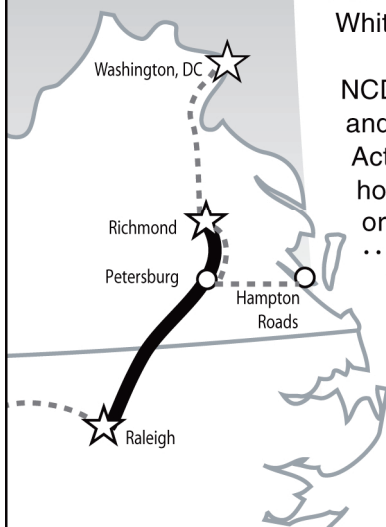

Comments may be submitted at the Project Update Meeting, by visiting the project website (www.sehsr.org), or by mailing to:
